

5.3 Nothing in this notice shall limit the effect of the second proviso to section 21 (1) of the Act relating to the use of water for domestic needs, for the needs of animals, and for or in connection with fire fighting purposes.

5.4 In granting any rights under section 21 of the Act or making a general authorisation under section 22 of the Act, the regional council shall ensure that after reasonable mixing:

- a. the natural water temperature of the river shall not be changed by more than 3 degrees Celsius;
- b. the acidity or alkalinity of the water as measured by the ph shall be within the natural range and shall not be changed by more than 1.0 unit;
- c. the water shall not be so tainted or contain toxic substances so as to be unsuitable for consumption by farm animals;
- d. the water shall not emit an objectionable odour;
- e. there shall be no adverse effect on the aquatic community attributable to pollutants;
- f. aquatic organisms shall not be rendered unsuitable for human consumption by accumulation of excessive concentrations of pollutants;
- g. the natural colour and clarity of the waters shall not be changed to a conspicuous extent;
- h. there shall be no visible oil or grease films or conspicuous floating or suspended waste materials;
- i. the oxygen content in solution in the river shall not be reduced below 6 milligrams per litre; and
- j. there shall be no undesirable biological growths attributable to pollutants.

5.5 Nothing in this order shall prevent the granting of any water right or general authorisation which would have the

effect of renewing any water right or general authorisation that is current on the commencement of this order.
