

Financial Reporting

This bill requires issuers of securities to the public to file financial statements with the Registrar of Companies. It also provides for the establishment of an Accounting Standards Review Board which will have, as its principal function, the function of approving accounting standards. Financial statements will be required to comply with applicable accounting standards approved by the Board. If, however, the financial statements of the public issuer do not give a true and fair view of the affairs of the issuer, the financial statements will have to contain information and explanations so as to ensure that they give a true and fair view of those affairs.

Private Savings Bank (Transfer of Undertakings)

This bill provides for the transfer of the businesses of private savings banks to their parent banks.

Private savings banks are savings banks operated by subsidiaries of ANZ Banking Group (New Zealand) Limited, Bank of New Zealand, The National Bank of New Zealand Limited, and Westpac Banking Corporation.

The bill makes provision for assets and liabilities of a savings bank to become assets and liabilities of its parent bank on a date appointed by the Governor-General by Order in Council and for the dissolution of the savings bank company. The bill will also repeal the Private Savings Banks Act 1983.
