

SCHEDULE C

REFERENCE SCHEDULE

ITEM 1 - TELECOM ROC'S NETWORK SERVICE
(Clause 1.53)

[Example shown below]

(a) Telecom [Auckland]

"Telecom ROC's Network Service" in relation to Telecom [Auckland] means the following telecommunication services:

1.1 delivery of or, in those cases where a free Link is not available in the Service Operator's Network, the offer of delivery of Calls (which are originated in Telecom [Auckland's] Telecom ROC's Network (or which are delivered to Telecom [Auckland's] Telecom ROC's Network from another network pursuant to the provisions of Item 6 of this Schedule) and which are preceded by an Access Code) to the appropriate Service Delivery Point having regard to the Principle of Call Hand-over;

1.2 provision for each Call delivered to the Service Operator's Network pursuant to Clause 1.1 of Item 1(a) of this Schedule, of details in the signalling format defined in PTC 301 of either the called valid Telecom national number, or part of the number (as agreed between the parties) which the Service Operator's End User has dialled;

1.3 provision on multi-frequency compelled request by the Service Operator for each Call delivered to the Service Operator's Network pursuant to Clause 1.1 of Item 1(a) of this Schedule, of the calling number identification information in the format defined in PTC 301 (but not including any billing name and address), wherever this is available as part of normal automatic number identification service for the Telecom ROC's Telephone Exchange serving the relevant Point of Interconnection and Connected to the Service Delivery Point where such Call is delivered;

1.4 where the Telecom ROC's Telephone Exchange serving the relevant Point of Interconnection and Connected to the Service Delivery Point where the Calls are delivered pursuant to Clause 1.1 of Item 1(a) of this Schedule, operates on operator number identification, provision on multi-frequency compelled request by the Service Operator, for Calls delivered to the Service Operator without an A number, of a partial A number (toll groups, and where available, office codes);

1.5 where they are available, provision of appropriate line signals and information signals (other than those referred to Clauses 1.2, 1.3 and 1.4 of Item 1(a) of this Schedule) as defined in PTC 301 for each Call delivered pursuant to Clause 1.1 of Item 1(a) of this Schedule;

1.6 where the Service Operator's Network is unable to accept a Call offered to be delivered pursuant to Clause 1.1 of Item 1(a) of this Schedule, the provision by Telecom Auckland of advice to the Service Operator's End User who has originated that Call of that fact by way of a recorded message, the contents of which message shall be agreed between the Service Operator and the Principal ROC;

1.7 acceptance of:

1.7.1 all Calls delivered to Telecom [Auckland's] Telecom ROC's Network from the Service Operator's Network in accordance with the Principle of Call Hand-over for which a Telecom number is provided in the format of the Telecom national call prefix "0" followed by a valid Telecom national number and delivery or offer of delivery of such Call to the destination designated by the Telecom national number;

1.7.2 all Calls delivered to Telecom [Auckland's] Telecom ROC's Network from the Service Operator's Network in accordance with the Principle of Call Hand-over for which an international number is provided in the format of the Telecom international call prefix "00" followed by an appropriate international number, and onwards switching towards the country designated by the international number;
